

OFFICIAL RULEBOOK

ASHL MISSION STATEMENT

To provide players of all ages and skill levels with a professionally managed recreational hockey league that is both safe and fun.

ASHL RULES AND REGULATIONS

Last Updated: September 2025

The current Hockey Canada / USA Hockey rules (where applicable), will govern all games, with the exception of a number of rules specific to ASHL Leagues and / or Tournaments. The addition, deletion, and modification of ASHL rules will coincide with the beginning of the Summer season and/or the Winter season. League Managers assume no responsibility for any claims arising through the operation of the League.

No allowances will be made for ignorance of the rules.

TEAM REPRESENTATIVE MEETING

Attendance by the designated Team Rep (or Alternate) is mandatory. Prior to each season, League Managers facilitate one (or more) Team Representative meeting(s) to discuss expectations, review rule or policy changes, introduce staff members, field questions, present important season details, and distribute a preliminary schedule.

AFFILIATE LEAGUES

The Adult Safe Hockey League has introduced and successfully implemented an Affiliate League initiative in selected communities that do not have a Canlan Sports facility in their area. These programs have enabled teams and leagues currently playing outside Canlan facilities an opportunity to become participating members of the ASHL and to enjoy many league benefits.

For more information, visit the Affiliate League pages of ashl.ca or send an e-mail to ashl@canlansports.com or visit ashl.ca/affiliate.

SECTION ONE: THE ARENA

1.1 ARENA PROPERTY

Any damage to Canlan Sports property will be paid for by the individual(s) responsible, prior to participation in any further League games. Non-compliance constitutes automatic indefinite suspension from the League and possible legal action. If the individual(s) responsible for the damage cannot be identified, the Team will be removed from the League until the damages are paid in full.

1.2 ALCOHOL, CONTAINERS & SMOKING POLICIES

As of May 1st, 2013 all Canlan Sports owned and operated facilities have adopted a ZERO tolerance policy on Alcohol consumption and transport as well as Smoking in unlicensed areas of our facilities. This includes, but not limited to, lobbies, parking lots, arena playing surfaces, surrounding areas, and dressing rooms. Any player/team found consuming or carrying alcoholic beverages or smoking in non-designated areas will receive a warning letter (1st offence) outlining the policy and expectations moving forward. A second offence by the same team/player will result in a \$500 refundable performance bond that will be taken immediately. This will be returned in full at the conclusion of the season if no further incidents arise. If a 3rd offence occurs, the \$500 bond will not be returned and the team/player will be suspended indefinitely from ASHL participation and must apply for reinstatement at a later date. No refunds will be issued for league fees under any circumstances.

We remind all members that the consumption of alcohol in unlicensed locations and smoking indoors is against the law and that serious liability issues may arise from this action. Teams are to be out of the dressing rooms after their games in the specified time period outlined by the facility.

Players will be asked to voluntarily withdraw from any League game if any League Official suspects that a Player or Team is participating under the influence of alcohol or drugs (before or during a game). If a Player refuses to leave the playing surface, the game will be temporarily stopped until the Player in question withdraws from the game. Failure to comply may result in the offending Team forfeiting the game. Supplementary discipline may be levied against the Team and/or Player(s) involved.

1.3 ILLICIT DRUG USE

Illicit drug use in recreational facilities is strictly prohibited. Teams or individuals found in violation of this policy will be expelled from the League. No refund will be issued.

1.4 PERSONAL PROPERTY

The League accepts no responsibility for lost or stolen personal property. We strongly suggest that no valuables be taken into the Arena. Locks are not provided for dressing room doors so it is the Team's responsibility to lock their dressing room before going on the ice.

NOTE: Some facilities have dressing room keys/locks available in exchange for a deposit or car keys (contact your facility League Manager for verification).

1.5 NOTICES

All Team Representatives are responsible for checking email or voicemail when contacted by the league with updates. If you, as a Team Rep, do not check often we highly recommend appointing an Alternate Rep to ensure items are not missed. We also recommend checking your team information and site weekly for standings and League news. Team Representatives are encouraged to check in with the League Office before each scheduled game and communicate all concerns to the League Manager.

1.6 ACCIDENTS

All accidents and injuries must be reported to Arena Management immediately. An incident report must be completed and forwarded to the League Manager.

SECTION TWO: LEAGUE ADMINISTRATION

2.0 MANAGEMENT RIGHTS

League Management has the authority to make decisions in the best interest of the league, sportsmanship, and safety. This type of decision may be appealed to the ASHL National Office using the steps outlined in Rule 2.15(B).

League Management also reserves the right to restrict Player movement and (re)align Teams in any division based on game performance and/or their assessment of individual or group skill levels (refer to Rule 2.10(B) for the recognized categories of hockey experience used to rate Teams and Players). The League Manager or League Official (Convenor or Designate) makes the final decision on whether a game is defaulted due to one of the Teams not having enough Players to play. Referees are to consult with the League Management for a final ruling.

In extreme circumstances, League Management has the authority to make decisions if it's in the best interest of the league, sportsmanship, and safety. This type of decision may be appealed to the ASHL National Office using the steps outlined in Rule 2.15(B).

2.1 ELIGIBLE PLAYERS

Only Players registered with the League may participate. All players must legibly print and sign their own names on each official game roster. Forging of signatures or use of abbreviated signatures may result in a Player's disqualification or a Team default of the game. It is the responsibility of the Team Representative to ensure all Players have printed and signed their names on the game roster and that all Players are eligible for participation in the game. Players who enter a game without signing the game roster may be assessed a Minor penalty for Delay of Game. Players must be dressed and ready to play before the start of the last period of regulation time. Any Player arriving after the last period of regulation time has begun will not be permitted to participate.

If there is a discrepancy between the number of Games Played listed for a Player on their online roster and the number of Official Game Rosters signed by the Player, then the number of properly signed Official Game Rosters will be used to determine eligibility. The Team Rep (or designated Alternate) is responsible for ensuring their online roster accurately reflects the correct Games Played statistics for all of their Players.

All Players participating in a League game must be age of majority or older. Any Player under the age of majority must acquire the League Manager's approval, submit written parental consent and sign an under-age waiver prior to registration/participation in any League game.

NOTE: Age of majority in the provinces of British Columbia, New Brunswick, Nova Scotia, and Newfoundland is 19

2.2 CARDED PLAYERS

Enrolment of current Pro, Semi-Pro, Minor Pro and Junior Players is at the discretion of the League Manager.

2.3 PLAYER REGISTRATION AND PHOTO IDENTIFICATION

All Players participating in the Adult Safe Hockey League (including ASHL Affiliates) are required to register online at ashl.ca, and to complete their registration by signing the online waivers before they participate. Upon completion of this process, each Player will be issued a seasonal eligibility Helmet Sticker. It is a requirement that each Player affix the sticker to the back of their helmet before they participate. The sticker must be applied such that it is in plain view of the on-ice Officials.

Any Team with a Player that does not have the sticker properly placed and visible on their helmet may be assessed a Minor penalty for Delay of Game by the Referees and the Player will be sent off the ice and not permitted to return until the sticker is properly affixed. If the sticker is lost a replacement may be purchased from the League Office at a cost of ten dollars (\$10).

Additionally, all Players must carry government-issued photo identification (ID) in the facility on their person and be prepared to produce it for League staff upon request. Checks for ID may be randomly conducted and failure to produce ID will prevent the Player from being permitted on the ice.

NOTE: Government-issued photo IDs are mandatory for participation in all playoff games.

2.4(A) SIGNING OF GAME ROSTERS

Due to insurance and eligibility requirements, official game rosters must be signed by each Player prior to every game. All players must legibly print and sign their own names on each official game roster. Any person(s) on the bench must be registered and also sign the official Game Roster for insurance.

2.4(B) BENCH ATTENDANCE

All individuals on the player's bench area must be currently registered with the League.

Players currently serving a suspension are not permitted on the player's bench or in the immediate area surrounding the player's benches.

2.5 ROSTER LIMIT

Teams are limited to 20 total players including goaltenders on the active roster for a game.

NOTE: For the purpose of regular season or playoff awards, the League will recognize 15 Players and 1 Goalie per Team

2.6 SUBSTITUTE GOALTENDERS – REGULAR SEASON

During the regular season Teams may use any consenting Goaltender registered with the League that is of the appropriate skill level. League Management reserves the right to approve substitute goalies during the Regular Season.

2.7 TEAM JERSEYS

All Players must wear matching jerseys, which must be uniquely numbered. Jerseys without numbers are not permitted. In the event of a conflict of Team colours (the Visiting Team Representative and/or Referees will determine if there is a conflict), the visiting team will wear their alternate jerseys or the League jerseys (cover-ups), provided they are available and requested.

For the purpose of communicating with the on-ice Officials, each Team is strongly encouraged to assign one Captain and up to two (2) Alternate Captains. The Captain's "C" and Alternate "A" must be clearly identified on the sweater.

2.8 DIVISIONAL STRUCTURE

ASHL/ASHN recognized divisions include:

- a) Men's A, B1, B2, C1, C2, D1, D2 and E
- b) Men's 30+ A, B, C, D and E
- c) Men's 40+ A/B, C/D
- d) Men's 50+ A/B, C/D
- e) Men's 60+
- f) Women's A (Competitive), B/C (Intermediate) and D/E (Recreational)
- g) Women's 40+

All of these divisions are recognized for National Qualifier/ National Championship participation. Additional divisions (e.g., 40+, 50+, All Gender, etc.) may be added by the National Qualifier host where applicable, and to the National Championships based on customer demand.

2.9 AGE-RESTRICTIVE DIVISIONS

To participate in any age-restrictive division, all Players must be the minimum allowable age (e.g., 30+, 40+, 50+, etc.) as of December 31st of the year in which

the season began.

NOTE: There is zero tolerance for fighting in the 40+, 50+, 60+ and All Gender Divisions of the ASHL. Any Player assessed a Fighting Major in any of these divisions will be suspended for the balance of the season.

2.10(A) SKILL LEVELS – TEAMS

League Management reserves the right to move a Team (or Player) to a higher or lower division based on:

- a) Overall and/or individual Player skill level
- b) Win/loss record
- c) Age of Players
- d) Any other statistical data

This rule is applicable at any time during the season.

2.10(B) SKILL LEVELS – PLAYERS

Players are rated based on their experience in hockey as per the online registration guidelines:

- A** Pro, Semi-Pro or Minor Pro, NCAA, USports, Major Junior Women's (or Girls) AAA, AA.
- B** Canadian College (OCAA, MCAC, ACAC, etc.), Senior Hockey, Junior A, Québec Junior AAA; U15/U18 AAA; Women's (or Girls) A, BB or B.
- C** Junior B or C, Québec Junior AA or A, Minor Hockey AA or A; High School, Women's (or Girls) C
- D** Select League, House League, Minor Hockey B, C, D
- E** No experience with an organized League, started playing hockey as an adult

Based on these categories, each Team by division (i.e., A, B, C, D, and E) should contain a majority of Players (51% or more) at these individual skill levels.

NOTE 1: An "average" Player skating for a C division Team will have a Junior B, C or Rep caliber hockey background.

For rules regarding playoff eligibility based on skill level, see Rule 6.2.

2.11 DEFAULTED OR FORFEITED GAMES

The following situations will result in a defaulted game:

- a) If either Team does not have a minimum of 5 Players and a Goalie on the ice by the start of the second period or if either team is unable to ice the minimum requirements after the first period has elapsed (see Rule 4.1) with

the exception of a goalie injury.

- b) If a Player who has been ejected from the game for any reason does not leave the ice in a timely manner (discretion of Referee or off-ice Official). It is the Team's responsibility to ensure an ejected Player leaves the ice surface and returns to their assigned dressing room (see Rule 2.14).
- c) If a Goaltender is ejected from the game and is not replaced within the ten (10) minutes allotted (see Rule 4.10(A)).
- d) If a Team chooses not to continue the game after an injury to their Goaltender (see Rule 4.9(A)).
- e) If either Team cannot ice the minimum number of Players at any point during the game due to penalties or Players being ejected.
- f) If either Team refuses to continue the game for any reason other than safety concerns agreed to by the Referees and League Official.
- g) If either Team fails to meet the financial payment terms of the League.
- h) In the event that one (or both) team(s) cannot immediately replace players that have been assessed coincidental penalties in the first period, the Referee(s) can allow the game to continue in a 4 on 4 format. Under no circumstances will the game continue in a 3 on 3 format if the teams are unable to ice a team after this concession.

In the event that a Team does not have a Goaltender ready to begin the game, the Team may ice six skaters for the first period. If an eligible Goalie is not fully dressed prior to the start of the second period the Team will default the game. If a Team is aware that their Goalie will be absent for a game, they may contact the League to assist in obtaining a replacement. Team Reps are also encouraged to secure back-up or spare goaltenders using the online Hockey Finder tool on ashl.ca.

The team who did not default may use the game ice slot for scrimmage or practice. Referees and Timekeepers will not stay on the ice once the game has been declared a default by a league official. The game will be listed as a 1-0 win for the non-offending team. The game will not be rescheduled.

In accordance with the Defaulted or Forfeited Game Policy, penalties will be levied against any team that does not provide written notice to League Management at least 48 hours in advance of their game that they will not be able to ice a team. League Management will outline the facility-specific policy during the Team Representative meeting prior to each season.

In a situation where both Teams mutually default, the game will be cancelled and both Teams will receive a loss and no compensation shall be awarded.

NOTE: Forfeited games will not be replayed.

2.12 TIES IN THE STANDINGS – REGULAR SEASON

Final regular season standings will be determined by a Team's winning percentage against Teams in their current division (WPCTD).

In the event of a tie in the standings the following steps (a – f) will be used to break the tie:

- a) Best record in head-to-head games amongst the tied Teams
- b) Most Wins
- c) Largest Goal Differential (Goals For minus Goals Against)
- d) Least Goals Against
- e) Least Penalty Minutes (Average per Game)
- f) Coin Toss

NOTE 1: If there are still Teams tied after a step (no one team is advanced), only the tied Teams from that step move on to the next step of the procedure. This process continues until there is only 1 team remaining.

NOTE 2: Once one team has been advanced using this tie-breaking procedure, it then reverts back to tie-breaking procedure (a) to break the remaining tie and so forth until no more ties still need to be broken.

NOTE 3: If all tied Teams have not played head-to-head, 2.12(a) will be skipped and the process will begin with Most Wins.

2.13 REFEREE QUALIFICATIONS

Every Referee is required to attend an annual ASHL officiating clinic as part of their certification. Every Referee is required to pass a written exam and meet all initial and ongoing requirements of the ASHL Officials Code of Conduct

2.14 DISQUALIFIED/EJECTED PLAYERS

Teams are responsible for ensuring that Players who are disqualified or ejected from any game, for any reason, immediately leave the playing surface and retire to the Team's dressing room. The Team Representative or Captain is additionally responsible for ensuring the ejected Player remains in the dressing room for the balance of the game (unless otherwise permitted to watch the remainder of the game by League Management). Ejected Players who remain at rink side or who refuse to retire to the dressing room will be subject to further suspension and/or possible expulsion from the League. In this situation, League Officials can end the game prematurely and charge the offending Team with a default (see Rule 2.11(b)).

Any Player who has been ejected from a game that returns to the ice surface will face an automatic indefinite suspension pending review by League Management.

2.15(A) SUSPENSIONS

All infractions occurring before, during and after any scheduled game are subject to review by League Management. League Management has the authority to levy suspensions in accordance with the minimum standards and, at their discretion, increase or decrease suspensions due to extenuating circumstances. Players may be suspended regardless of whether a penalty has been assessed by the Referees.

A player receiving a suspension is suspended from all teams until their suspension is completed (i.e., their return date is achieved). For example, a Player is playing for Team 'A' and Team 'B.' The Player receives a 3-game suspension while playing for Team 'A.' The Player must sit out three of Team 'A's' games before they are eligible to play again for Team 'A' or Team 'B.' Therefore, if Team 'B' has 2 games in that period of time, the Player will sit out a total of 5 games for the infraction.

NOTE: League Management has the authority to take into consideration that a player plays on multiple teams when determining the date a player can return from suspension. For example, when a suspension carries over into a new season that the team the player was originally suspended with is not participating in.

OFFENSE	MINIMUM RECOMMENDED SUSPENSION
Game Ejection	Balance of Game
Game Misconduct	Balance of Game and Review by League Manager
Game Misconduct (last 10 minutes of regulation)	1 Game and Review by League Manager
Major Penalty (First Offense)	2 Games and Review by League Manager
Major Penalty (Second Offense)	4 Games and Review by League Manager
Major Penalty (Third Offense)	Balance of Season*
Fighting (First Offense)	5 Games and Review by League Manager
Fighting (Any Subsequent Offense)	Balance of Season*
Gross Misconduct	Automatic indefinite suspension pending review by League Manager
Match Penalty	Automatic indefinite suspension pending review by League Manager
Fighting, Gross Misconduct, Match (Any 2 in 1 Season)	Balance of Season*

***Performance Bond required for reinstatement**

Any Player knowingly participating in a League game while under suspension will automatically have their teams' points removed for that game and the suspension length will be doubled (at minimum). If the Team Rep knowingly permits a suspended or ineligible Player to participate in a League game, the Team Rep will face disciplinary action.

2.15(B) SUSPENSIONS – APPEALS

A Team Representative, on behalf of a Player, may appeal a suspension of five (5) or more games by filing a written submission with the League Manager and paying a two hundred fifty dollar (\$250) review fee. The fee and the appeal letter must be submitted to the League Manager within seven (7) days or by the next scheduled game after the suspension has been issued (whichever comes last). A suspension appeal may only be made by the Team Representative. The letter must outline the basis for the appeal (e.g., Player's penalty history, comparable suspension length for a similar incident, etc.) and include a registered charity of choice.

Upon receipt of an appeal letter and review fee, the appeal will be directed to the ASHL National Office for formal review.

The following information may be considered relevant to any review:

- Player Suspension and Penalty history specific to the ASHL
- Officials Game Reports
- Convenor Report(s) and/or Complex Management Report(s)
- Timekeeper Report
- Video Footage (if available from the facility)

NOTE 1: If the suspension is reduced, the appeal fee will be refunded when the verdict is rendered. If the suspension is upheld, the money will be donated to a registered charity of the offending player's choice indicated on the original appeal letter.

NOTE 2: Adult Safe Hockey League and ASHL Affiliate Players receiving a permanent suspension or facility ban will follow the process as outlined in 2.15(B).

2.16(A) INDIVIDUAL PENALTY MINUTE LIMITS

Participants in the Adult Safe Hockey League are expected to play with integrity, sportsmanship, and contribute positively towards a safe environment for all participants.

During each regular season, league management will monitor team rosters to identify players who fail to adhere to the following penalty minute thresholds, which, if violated, shall result in the following supplemental discipline being levied:

- i.) Any participant who has accumulated a total number of penalty minutes that exceeds a threshold based on the following formula (2 penalty minutes * 50% of the guaranteed regular season games) will receive a warning notification from ASHL management, through their Team rep, formally notifying them of the final threshold listed in point ii) of this rule.
- ii.) Any participant who has accumulated a total number of penalty minutes that exceeds a threshold based on the following formula (2 penalty minutes * 100% of the guaranteed regular season games) will be automatically expelled from the ASHL season, including playoffs, and must formally apply for reinstatement to be eligible for any future ASHL gameplay. This expulsion encompasses all the Player's teams, including at other ASHL locations. No refund or credit for missed games will be issued. All affected Team Reps will be sent this notification.

2.16(B) TEAM PENALTY MINUTE LIMITS

ASHL teams are expected to play with integrity, sportsmanship, and contribute positively towards a safe environment for all participating teams.

During each regular season, league management will monitor standings to identify teams that fail to adhere to the following penalty minute thresholds, which, if violated, shall result in the following supplemental discipline being levied:

- i.) By or before the midpoint of the regular season – calculated by the total number of guaranteed regular season games divided by two – any ASHL team that accrues an average of more than 10 penalty minutes per game (calculated by the total number of the team's penalty minutes, divided by the midpoint number of games) will receive a letter from league management, formally notifying them that subsequent acts will result in supplemental discipline being issued, up to and including expulsion from the league.

The suspension letter shall indicate that additional violations of ASHL Team Penalty Minute limits will result in additional supplemental discipline, as indicated by 2.16(B), subsection (ii)

- ii.) By or before the end of the regular season, any team that accumulates more than 10 penalty minutes per game (calculated by the total number of the team's penalty minutes, divided by the total number of regular season games) will be automatically expelled from the ASHL season, including playoffs, and must formally apply for reinstatement to be eligible for any future ASHL gameplay. No refund or credit for missed games will be issued.

NOTE 1: In the case of a forfeited game, the offending team will have their Team Penalty threshold reduced by 10 minutes (if it is a double forfeit then both teams would have it reduced). For example, if the regular season is 25 games, the Team Penalty Limit is 250 minutes. If a team were to forfeit a game, that would reduce their limit to 240 minutes. Any subsequent forfeits would continue to reduce the threshold by 10 minutes.

SECTION THREE: PROTECTIVE EQUIPMENT

3.1 PROTECTIVE EQUIPMENT

Unless otherwise addressed in the Rules, all protective equipment must be ice-hockey specific and shall be worn in accordance with the manufacturers original design and in a manner to ensure player safety. If after one warning by a Referee, a player refuses to correct their equipment deficiency or, continues to wear the equipment apart from its original design intent, a Misconduct penalty will be assessed to the offending Player.

3.2 HELMETS & GOALIE MASKS

Helmets are mandatory and must be worn by all Players and Referees. Helmets must be CSA approved with properly fastened chinstraps. A Minor penalty will be assessed to any Player that does not have their helmet chin strap fastened properly. This rule will be enforced by the Referees and League Officials for all games and during warm-ups. Ear-guards for helmets are not mandatory.

If a Goaltender chooses to use a non-CSA approved cage (i.e., Cat's Eye Mask), a waiver is included within the online registration that is completed prior to the first game, absolving the ASHL of any responsibility for any injury incurred.

3.3 FACIAL EQUIPMENT

As of September 1st, 2013 the ASHL has instituted a mandatory facial protection policy for all players. Any player not wearing a minimum of a half visor or cage will be asked to leave the ice surface immediately and will not be permitted to return until they have the proper facial protection in place. The visor/cage must be fastened securely to the helmet as per CSA Approved Regulations with all straps firmly attached as per manufacturer's design. If a player other than a goaltender, loses their visor/cage during the course of play, they must not intentionally participate in the play and return to their bench. Should the player intentionally participate in the play, the official will immediately stop play and assess a minor penalty to the offending player for Delay of Game/Ineligible Player.

NOTE: Every Referee will be required to wear a half visor.

3.4 NECK GUARDS

Neck guards are recommended for all Players in all divisions. Goaltenders are strongly encouraged to wear a CSA approved neck guard in all League games.

3.5 GOALTENDER SKATES

Only Goaltenders are permitted to use Goaltender skates.

3.6 MOUTH GUARDS

Mouth guards are strongly recommended for all Players in all divisions.

3.7 GOALTENDER EQUIPMENT

A Goaltender must wear protective equipment specifically designed for ice hockey Goaltenders and be complete with approved: mask, leg guards (pads), chest protection and gloves designed for use by Goaltenders.

3.8 STICK & EQUIPMENT MEASUREMENTS

Stick and equipment measurements will not be permitted. However, if in the opinion of an Official, any stick or equipment poses a threat to the safety of other Players, the Player will be asked to remove it from the game.

SECTION FOUR : PLAYING RULES

4.1 PROCEDURE FOR START OF GAMES

The following procedure will be in place for the start of all games:

At the start of the scheduled ice time or once the ice resurfacer doors close (whichever comes last), the warm-up time will start running down. The buzzer will sound (or the Referee will blow their whistle) with one minute remaining to make Players aware that the warm-up session is nearly complete. Teams must then send their starting lineup onto the ice and prepare for the opening face-off. The clock will continue to run until the first stoppage in play.

NOTE: The clock will stop if there is no Referee present at centre ice to start the game at the conclusion of the warm-up time.

In situations where one or both Teams are unable to ice the minimum 6 Players at the end of the warm-up or are not ready for the face-off, the following procedure will apply:

- a) The clock will continue to run into the game time.
- b) If one of the Teams is unable to ice the minimum number of Players at the conclusion of the warm-up, a 2-minute Minor for Delay of Game will be issued. This penalty will start once the game begins.
- c) After the first period has elapsed: the game will be defaulted (see Rule 2.11).

If the offending Team manages to meet the minimum Player requirement during this process, the game will be started immediately. The clock will not be stopped until the first stoppage in play. Game time will not be added back onto the clock.

4.2 LENGTH OF GAME

In the event that a game is running behind due to an occurrence in the game, the clock will be cut to three (3) minutes stop time when there is five (5) minutes left in the time slot.

In the event there is a five (5) or more goal spread in the last five (5) minutes of the third period, the game clock will change to running time.

NOTE 1: The game clock will revert to stop time if the goal difference is reduced to four (4). Any game in which there is a five (5) or more goal differential may change to running time at any point in the game with the approval of both Team Reps (e.g., if a Team is losing by 5 or more goals in the first or second period the Team Reps may elect to switch to running time).

NOTE 2: If a game is being played in an unsafe manner, the Referees and League Official (Manager, Convenor or Designate), may decide at their joint discretion, to cause the game clock to change to run-time or, end the game at any point.

If the game is starting to get out of hand, the game will be terminated at the Referee's discretion. In these events, there will be no handshake at the conclusion of the game. The teams will be sent off by the Referees, one at a time, to their respective dressing rooms. In this situation, a full report must be forwarded to the League Office by the Game Officials.

4.3(A) OVERTIME – REGULAR SEASON

The format for overtime will be a 3 on 3, sudden victory, five (5) minute running time period. At the conclusion of regulation time, five minutes and thirty seconds (5:30) will be placed on the clock and running time will be initiated by the Timekeeper (provided there are no unexpired penalties currently being served, in which case the game clock will be set to 5:00 and the clock will not start until the Referee drops the puck). The last minute of play will be stop time.

Player changes will be done "on the fly" and will not be allowed during any stoppage of play. The Referee may assess a Minor penalty for Delay of Game if a Team attempts to complete a Player change during a stoppage in play. The standard face-off procedure will be used (see Rule 4.6).

If a penalty occurs in overtime (or there is an unexpired penalty at the conclusion of the third period) the non-offending Team will play with 4 skaters and a Goaltender, and the offending Team will play with 3 skaters and a Goaltender. When the offending Team's penalty expires, the penalized Player is permitted to rejoin the play. At the first stoppage following the expiration of the penalty, Teams will revert back to 3 skaters and a Goaltender.

All timed overtime periods in the League are sudden victory. The losing team in overtime will receive one (1) point for the tie from the regulation time game. Regular season overtime sessions may be cancelled due to schedule constraints (Teams to be notified by League Management).

4.4 ICING

All provisions of the Icing rule in the Hockey Canada/USA Hockey rules will apply with the exception that if a Goaltender leaves the crease area for the purposes of playing the puck and in doing so affects the play of the game, any potential icing will be nullified.

NOTE: Many ASHL locations now use blue-line icing to reduce stoppages and increase playing time. Consult your League Manager to confirm the icing line in use at your arena(s).

4.5 TIME OUTS

Each Team is permitted one thirty (30) second time out per game. Both Teams are not permitted to take their time out during the same stoppage in play. There will be no time outs in overtime, during running time, or before the start of the first period.

NOTE: Teams may use their time out during the overtime period of a playoff game (provided it was not used during regulation time).

4.6 FACE-OFF PROCEDURE

After each stoppage in play, the 15-second face-off rule will be used. The Referee will use the following procedure: ten (10) seconds following any stoppage in play, the Referee administering the face-off will blow their whistle to indicate that in five (5) seconds the puck will be dropped. Teams should line up at the face-off location accordingly.

4.7 GOAL CREASE

Players in the offensive zone are not permitted to enter the crease area under any circumstance before the puck enters the crease. If a Player's skate(s) enters the crease voluntarily in any manner, the Referee will blow down the play, and a face-off will take place at the nearest spot in the neutral zone.

NOTE: If however, in the opinion of the Referee, the defending team has possession of the puck with a clear path to move out of the defending zone, the Referee shall allow play to continue.

4.8 GOALTENDER SAFETY

In the event that a Goaltender is struck in the mask or helmet with a shot the Referee shall stop play as soon as possible. The resulting face-off shall take place at the nearest end-zone face-off spot to where the shot was taken.

NOTE 1: If a shot hits the goaltenders' mask/helmet and deflects into the goal (directly or otherwise) prior to the official stopping play, the goal shall count.

NOTE 2: For the purposes of this Rule, the goaltender's mask/helmet does not include optional neck protection regardless of how it is attached to the mask/helmet.

NOTE 3: Any attacking player making physical body contact with the opposing goaltender in the crease area will be assessed a minor penalty or major

penalty and a game misconduct for goaltender interference. If the attacking player was guided into the goaltender by a defending player, both players may be assessed penalties. If the contact is initiated by the goaltender for the purposes of drawing the opposition penalty, the goaltender will be penalized accordingly.

4.9(A) GOALTENDER INJURY

If a Goaltender goes to the Players' bench due to an injury, they shall retire from the ice and their place shall be taken by an alternate Goaltender and no warm-up will be permitted. This rule will only apply when an alternate Goaltender is dressed. When an alternate Goaltender is not dressed, the injured Goaltender will be allowed ten (10) minutes to recuperate. If a replacement is necessary for the injured Goaltender, an additional five (5) minutes will be allowed, or the Team may continue with six skaters for the duration of the game or default the game. During playoff games, time allotted for Goaltender replacement is at the discretion of League Management.

NOTE 1: If a Player starts a game as a Goaltender , they may be substituted and return as a skater.

4.9(B) GOALTENDER ATTENDANCE

A team may pull their goaltender at any time during the game for an extra attacker. The goaltender must remain on the bench after being pulled unless they are replaced by another eligible goaltender. In a situation where the goaltender is pulled and leaves the playing area without being replaced by another goaltender, that game will be considered a forfeit, and the offending team is assessed a default.

4.10(A) GOALTENDER EJECTION

If a Goaltender is assessed a Game Misconduct, Major (except for accidental high-sticking), Gross Misconduct or Match penalty, the game will be defaulted if the Team cannot find a suitable replacement within ten (10) minutes. In this event, a substitute Goaltender is permitted to join the game at any point (see Rule 2.1). If a Goaltender receives a Game Ejection penalty for any reason, they will be allowed to remain in the game and will be suspended for their next scheduled game.

4.10(B) GOALTENDER – SERVING PENALTIES

No player shall be required to serve a non-time penalty assessed to a goaltender.

4.11 FACE-OFF LOCATION – PENALTIES

Any penalty will result in a face-off at the nearest face-off location in offending team's defending zone.

In the event both teams are assessed penalties at the same stoppage of play, the position of the face-off will be determined by accounting for the time penalties assessed during the stoppage. If a team is assessed more time penalties than its opponent, the face-off will take place at the nearest end-zone face-off spot of the team incurring more time penalty minutes. In the event both teams were assessed penalties in the same stoppage of play and there was no time penalty difference, the face off location will be the nearest face-off location to where the play was stopped.

4.12 FACE-OFF LOCATION – HIGH STICK

In the event that a player makes contact with the puck above the normal height of the shoulders, a player from the non-offending team must be the first to gain possession and control of the puck. In the event the puck is directed out of play or a player from the offending team is first to gain possession of the puck, the official shall signal the play dead and a face-off will be conducted at the nearest face-off dot in the offending team's end zone.

In the event no player from the non-offending team makes an attempt to play a puck that has been "high sticked" the official shall signal the play dead. A face-off will be conducted at the nearest location from where the high stick contact was made with the puck.

4.13 HIGH-STICK – GOALS

Notwithstanding Rule 4.12, when a player contacts the puck above the height of the crossbar and the puck goes directly into the opposing team's goal before an opposing player can gain possession and control of the puck, the goal shall not count. In this case, the game officials are to conduct the faceoff at the nearest face off spot in the neutral zone.

4.14 PLAYER INJURY – BLOOD DRAWN

If a Player is cut during a game and blood is drawn, the Player must leave the ice to clean and bandage the wound prior to being allowed to return.

4.15 SPECIAL DIVISIONS

For additional rules governing All Gender and 3 on 3 play, please contact your facility League Manager. A complete list of rules specially designed for these divisions will be reviewed at the pre-season Team Rep meeting(s).

In the event the non-offending team is awarded a Penalty Shot due to any infraction of the rules that calls for a double minor penalty to be assessed, a 2-minute time penalty will be assessed to the offending team/player, regardless of whether a goal is scored on the Penalty Shot.

5.13(C) ROUGHING – HEAD CONTACT

Any subsequent Fighting Major (with the same Team or any other during the same season) will result in the repeat offender(s) being suspended for the balance of the season (regular season plus playoffs) and may result in permanent suspension (see Rule 2.15(A)).

5.16(B) FIGHTING – OFF THE PLAYING SURFACE

5.18 MISCONDUCTS

Any Player, except a Goaltender, incurring a Misconduct penalty, shall be ruled off the ice for a period of ten (10) minutes actual playing time.

A substitute for the penalized Player shall be permitted immediately. A Player serving a Misconduct penalty shall remain on the penalty bench until the first stoppage of play following the expiration of their penalty.

Any Player who is assessed a second Misconduct penalty in the same game shall automatically be assessed a Game Misconduct penalty. An automatic (minimum) one (1) game suspension will be assessed.

5.19 GAME MISCONDUCTS

Any Player or Team Official incurring a Game Misconduct penalty shall be ordered to the dressing room for the remainder of the game and shall be reported to League Management for further action. There will be no tolerance for this type of behaviour and the League will be very harsh with their assessment of suspensions. Should the Player who committed the offense is not discovered, the Team Representative will be automatically and indefinitely suspended pending a review by League Officials and/or Facility Management.

5.21(A) MATCH PENALTIES – INVOLVING A PLAYER

This penalty will be assessed when any Player physically abuses another Player with intent to injure (whether or not an injury occurs) or verbally threatens to injure another player. A Match penalty will result in an automatic indefinite suspension from the League. There is no minimum suspension.

SECTION SIX: PLAYOFFS

6.1(A) PLAYOFF ELIGIBILITY – PLAYERS

For a Player to be eligible for playoff competition, they must meet or exceed a minimum of 33% of regular season games played for that team and be rated at the appropriate skill level for the Division as per Rule 6.2. Players that also play as Goaltenders for a Team must exceed a minimum combined total of 33% of regular season games to be eligible for playoffs.

EXAMPLE 1: Player participates in 10 of 32 regular season games = 31.25% and is ineligible for playoff participation.

EXAMPLE 2: Player participates in 10 of 30 regular season games = 33% and is eligible for playoff participation.

The only exception to this rule is severe Player injury. If a Player misses a minimum of 3 or more consecutive regular season games due to a serious injury, an exception will be considered. A valid doctor's certificate will be required that specifically indicates the date the injury was reported. The doctor's certificate must be submitted to the League Manager before the player returns to the ice. The League Manager will then subtract the games missed due to injury from the Team's total games, and the Player will be deemed eligible if they have played in at least 33% of the games that were not covered in the doctor's certificate. Players shall not receive credit for games towards playoff eligibility while under suspension.

A Team found guilty of using an ineligible Player (not meeting the games played requirements or using deception regarding a player's identity, eligibility or skill level) during the playoffs will be assessed a default loss for that game. If this ineligible Player is discovered after the second game of a two-game playoff series, the offending Team will be disqualified regardless of the results of game one.

For issues regarding the skill level or eligibility of a player based on Rule 6.2, please refer to Rule 6.9 Note 3.

NOTE1: Refer to Rule 6.2 for playoff eligibility restrictions based on individual skill level and players participating on multiple teams in different divisions.

NOTE2: Government-issued photo IDs are mandatory for participation in all playoff games.

6.1(B) PLAYOFF ELIGIBILITY – GOALTENDERS

For a Goaltender to be eligible for playoff competition, they must meet or exceed a minimum of 15% of regular season games played as a goaltender for that team.

6.1(C) PLAYOFF ELIGIBILITY – BACKUP GOALTENDERS

If your primary goaltender is unavailable due to unforeseen circumstances or injury, the ASHL Office will attempt to provide a suitable replacement goaltender that is approved by the League Manager and meets all registration and eligibility requirements of the ASHL (Rules 2.1, 2.2 and 6.2). A 24 hour grace period is required to ensure maximum time to find a suitable replacement.

NOTE 1: In the case of an emergency, a team may use a goaltender from another ASHL sanctioned facility that meets the requirements outlined in rules 6.1(B), 6.1(C), 6.2.

NOTE 2: In the case of an emergency, a team may use a goaltender provided by the League Manager if available. Rule 6.2 still applies with no exceptions.

6.2 PLAYOFF ELIGIBILITY – SKILL LEVEL OF PLAYERS

Players are rated based on their experience in hockey as per the online registration guidelines:

- A** Pro, Semi-Pro or Minor Pro, NCAA, USports, Major Junior Women's (or Girls) AAA, AA.
- B** Canadian College (OCAA, MCAC, ACAC, etc), Senior Hockey, Junior A, Québec Junior AAA; U15/U18 AAA; Women's (or Girls) A, BB or B.
- C** Junior B or C, Québec Junior AA or A, U15/U18 AA or A; High School, Women's (or Girls) C
- D** Select League, House League, Minor Hockey B, C, D
- E** No experience with an organized League, started playing hockey as an adult

Playoff eligibility is restricted to one division/category below the player's experience level (e.g. a 'C' rated Player will not be permitted to participate in the 'E' division during the playoffs).

NOTE 1: An "average" Player skating for a C division Team will have a Junior B, C or Rep caliber hockey background.

NOTE 2: This does not automatically exclude Players with Major Junior, University or even House League experience from C division participation during the regular season.

NOTE 3: League Management will take a Player's age into consideration when determining their skill level and playoff eligibility (e.g., a 45 year-old with 'B' experience can typically skate with a 35 year-old in 'C' division or a 25 year-old in 'D' Division)

For Players skating with more than one Team, the highest division they are participating in will be used to determine playoff eligibility (e.g. a Player that plays for a 'B' Team and a 'D' Team will be restricted to the 'B' Team roster during the playoffs, assuming conditions of Rule 6.1 are met).

NOTE: In some cases where ASHL facilities use sub categories (Example C2 Pool B), the League Manager may further restrict player eligibility and movement throughout divisions.

6.3 PLAYOFF BRACKETS

Divisional playoffs will follow the official ASHL format. The brackets will be posted online (or distributed to Team Reps) approximately one (1) month prior to the first playoff game. No point will be awarded for an Overtime Loss (OTL).

In a 2-game series, Games will not have OT and can end in a tie. At the conclusion of Game 2, if the series is tied (i.e., both teams have won a game in regulation or both games were tied), then a mini-game will be played to decide the winner of the series. This mini-game consists of a stop-time, sudden victory, five (5) minute overtime period followed by a shootout, if necessary (see Rule 6.6(B)). This mini-game is considered an extension of Game 2 when taking into account the serving of any suspensions that were in place coming into the game, and when considering any ejections that occurred during regulation time of Game 2. No new players may be added to the roster for the mini-game that did not participate in Game 2.

In a 3-team Round Robin, all games must have a winner. Any game tied at the end of regulation will proceed to OT, followed by a shootout, if needed (see Rule 6.6(B)).

NOTE 1: If a team defaults Game 1 of a 2-game series they will get a loss for that game and are allowed to participate in Game 2. If a team defaults Game 2 of a 2-game series, they will automatically lose the series. .

NOTE 2: No Team shall advance in the playoffs if they have defaulted a game in a 3-team Round Robin.

NOTE 3: In consultation with the ASHL National Office, League Management may alter the standard format due to exceptional circumstances

6.4 TIES IN THE STANDINGS – PLAYOFFS

Final standings in pool play will be determined by points (2 points for a Win; 0 points for a Loss, Tie, or Overtime Loss). In the event of a tie in the standings the following steps (a – f) will be used to break the tie:

- a) Best record in head-to-head games amongst the tied Teams
- b) Most Wins
- c) Largest Goal Differential (Goals For minus Goals Against)
- d) Least Goals Against
- e) Least Penalty Minutes (Average per Game)
- f) Coin Toss

NOTE 1: If there are still Teams tied after a step (no one team is advanced), only the tied Teams from that step move on to the next step of the procedure. This process continues until there is only 1 team remaining.

NOTE 2: Once one team has been advanced using this tie-breaking procedure, it then reverts back to tie-breaking procedure (a) to break the remaining tie and so forth until no more ties still need to be broken.

NOTE 3: No Team shall advance in the playoffs if they have defaulted a game in a 3-team Round Robin. The game results involving the defaulting team are removed and the final ranking is based on the game involving the non-offending teams.

NOTE 4: If all tied Teams have not played head-to-head, 6.4 (a) will be skipped and the process will begin with Most Wins.

6.5 TIME OUTS – PLAYOFFS

Each Team is permitted one thirty (30) second time out per game. Both Teams are not permitted to take their time out during the same stoppage in play. There will be no time outs during running time or before the start of the first period.

NOTE 1: Teams may use their time out during the overtime period of a playoff game (provided it was not used during regulation time).

NOTE 2: Teams that used their time out during Game 2 of a series are not permitted to take another time out during the mini-game if the series is tied. If they did not use a time out during Game 2 then they are permitted to use a time out during the mini-game.

6.6 OVERTIME – PLAYOFFS

The format for overtime will be a 3 on 3, sudden victory, five (5) minute stop time period. Player changes are permitted during play stoppages. All round robin playoff games tied after regulation and 2-game series that are tied after Game

2 will be decided by a 3on3, sudden victory, five (5) minute stop time period. Undecided games will continue with a shootout to determine a winner (see Rule 6.7). The winning team will be awarded two points; the losing team will be awarded zero points for the overtime loss.

NOTE 1: Any player(s) ejected from Game 2 of a 2-game series will not be permitted to return for the mini-game overtime period or shootout under any circumstances.

NOTE 2: Any player(s) suspended for Game 2 of a 2-game series will not be permitted to return for the mini-game overtime period or shootout under any circumstances (this includes players that have served their complete suspension at the end of Game 2).

NOTE 3: For the purposes of on ice manpower, any unexpired time penalties in Game 2 of a 2-game series will NOT be carried over into the mini-game overtime period. The time penalty for the penalized player(s) will be removed from the score clock and both teams will begin the mini-game at full strength. If the player who was assessed the time penalty is serving the penalty, that player is ineligible for play and must remain in the penalty bench until the first stoppage in play following the time at which their penalty would have expired. If a substitute was serving the penalty noted above, they are eligible for play at the start of the mini-game. This rule is only applicable for the mini-game overtime period after Game 2 of a 2-game series.

6.7 OVERTIME – SHOOTOUT

Should the game remain tied following the conclusion of the overtime period in a playoff game, a shootout will be conducted to determine a winner. For the shootout the following will occur:

- a) Goaltenders will not switch sides
- b) 3 shooters per Team
- c) Any penalty in the overtime period, that has not expired, will eliminate the penalized Player from shootout participation.
- d) The Home Team will choose which Team shoots first.
- e) Once a Player has attempted their shot, they shall move to the side of the rink opposite the Players' bench.
- f) Referees use Hockey Canada/USA Hockey procedures for penalty shot.
- g) If a player is serving a penalty for a teammate and did not commit the infraction, c) does not apply.

If the game remains tied following the first three shooters, sudden victory will decide the game winner (i.e., one Team scores, the other does not).

Every eligible Player must shoot once before any Player takes a second shot. The deciding factor will be the smaller bench strength, before a Player takes a second shot.

6.8 GOALTENDER INJURY

During playoff games, in the case of an injured goaltender, the time allotted for Goaltender replacement is at the discretion of League Management.

NOTE 1: If a Player starts a game as a Goaltender, they may be substituted and return as a skater.

6.9 GAME PROTESTS – PLAYOFFS

Protests during the playoffs must be made within 24 hours of the conclusion of the scheduled playoff game. It is the responsibility of the Team Representative to notify the League Manager of a protest in the prescribed timeframe above. The Team Representative must then file a written submission with the League Manager and pay a two hundred dollar (\$250) review fee. The letter and fee must be submitted before the League Manager will review the protest.

Any written submission must outline the basis for the protest. Game calls such as missed penalty, offside, icing or disallowed goals are not basis for protest.

The League Manager will meet with the Team Representative, another League Official and at least one of the Referees involved in the game (if the League Manager deems their participation necessary). Attendance by the opposing Team Rep is optional. If the ruling is reversed the \$250 fee will be refunded. If however, the ruling is upheld, the \$250 fee will be donated to the registered charity of the appealing Team's choice.

NOTE 1: Game protests are only permitted during the playoffs.

NOTE 2: In situations where the subsequent game is scheduled 48 or less from the completed game, the Team Rep must contact league management within an hour of the completed game to state their intention to protest. League management will then discuss a timeline with the team rep so that the protest can be heard, and the bracket updated in a timely fashion.

NOTE 3: Any questions about the skill level or eligibility of a player must be presented to League Management, in writing, at least 6 hours in advance of a scheduled playoff game. This does not require a formal protest, simply a request for clarification of the player, along with evidence to dispute their declared hockey experience level. Official protests based on player skill level or eligibility will not be accepted

after a playoff game unless there is deception on the part of the offending team to conceal a player's identity, or if the player in question is a substitute goaltender that is not from the team's regular roster. Deception includes but is not limited to: providing a false ID, signing under someone else's name, providing an incorrect date of birth, etc..
